Additions and Corrections

Isoproterenol evokes extracellular Ca\textsuperscript{2+} spikes due to secretory events in salivary gland cells.

Pavel Belan, Julie Gardner, Oleg Gerasimenko, Chris Lloyd Mills, Ole H. Petersen, and Alexei V. Tepikin

Due to a printer's error, the incorrect abbreviation for extracellular Ca\textsuperscript{2+} concentration was used throughout. The article is printed in its entirety on the following pages, using original page numbers.

We suggest that subscribers photocopy these corrections and insert the photocopies at the appropriate places where the article to be corrected originally appeared. Authors are urged to introduce these corrections into any reprints they distribute. Secondary (abstract) services are urged to carry notice of these corrections as prominently as they carried the original abstracts.
Isoproterenol evokes extracellular Ca\(^{2+}\) spikes due to secretory events in salivary gland cells.

Pavel Belan, Julie Gardner, Oleg Gerasimenko, Chris Lloyd Mills, Ole H. Petersen and Alexei V. Tepikin
