**Correction: Histone demethylase KDM6B promotes epithelial-mesenchymal transition.**

Sivakumar Ramadoss, Xiaohong Chen, and Cun-Yu Wang

In Fig. 1A, the wrong image for the control group was presented. The authors inadvertently cropped the control images in Fig. 1, A and E, from the same raw image. Fig. 1A has now been corrected and does not affect the results or conclusions of the work. The authors sincerely apologize for their mistake during figure preparation and for any inconvenience this may have caused readers.

**Figure 1A.**
