Figure S5

A375 FMNL2 K/D

Field of view (A, a') of control siRNA-transfected A375 FMNL2 K/D cells (left) and field of view (B, b') of FMNL2 k/d A375 cells (right).

C

Western blot diagrams for FMNL2 and tubulin with C and K/D conditions.

D

Bar graphs showing percent cells IRTKS-induced Filopodia (left) and percent cells IRTKS at tips (right) for NC and KD conditions.

E

A375 FMNL2 KD IRTKS α/e

Scatter plot showing cell height, μm for C and K/D conditions.

F

A2058 FMNL2 KD IRTKS α/e

Scatter plot showing cell height, μm for C and K/D conditions.
