1. In consideration of publication in Journal of Biological Chemistry of the work currently titled __________________________ __________________________ and all associated supplemental materials, data and/or video files (the "Work") and authored by __________________________ ("Authors"), the sole and exclusive, irrevocable right is hereby granted to ASBMB to publish, reproduce, distribute, transmit, display, store, translate, create derivative works from and otherwise use the Work in any form, manner, format, or medium, whether now known or hereafter developed, throughout the world and in any language, for the entire duration of any such right and any renewal or extension thereof and to permit/sublicense others to do any or all of the foregoing as well.
2. Ownership of the copyright in the Work shall remain with the Authors, provided that the Authors credit first publication of the Work in the Journal of Biological Chemistry when reproducing the Work or extracts from it. The Authors retain the following nonexclusive rights:
   a. The Authors reserve the right after the publication of the Work by the Journal of Biological Chemistry, to use all or part of the Work in compilations or other publications of the Authors’ own works, to use figures and tables created by them and contained in the Work, and to make copies of all or part of the Work for the Authors’ use for lectures, classroom instruction or similar uses.
   b. The Authors reserve the right, after publication in the Journal of Biological Chemistry, to post the Work on the author’s personal web page provided that a link to the article in the Journal of Biological Chemistry is included.
   c. The Authors reserve the right to post the Work on preprint servers provided that the Authors retain distribution rights to the Work, that ASBMB formatted files are not used, and that a link to the article in the Journal of Biological Chemistry is included.
   d. The Authors reserve the right on acceptance for publication of the Work in the Journal of Biological Chemistry to deposit their final manuscript in the Authors’ funding body archive or designated noncommercial repository, provided that a link to the article in the Journal of Biological Chemistry is included.
   e. 3. Inurement: The Parties agree that this Agreement shall inure to the benefit of, and be binding upon, each of the Parties and their respective affiliates, predecessors, successors and assigns, and the agents and other authorized representatives, shareholders, officers, directors, employees, insurers, heirs, executors, trustees, partners, and joint venturers of any of the foregoing. As used herein, “affiliates” means any person or entity, who/which directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under the common control with, either of the Parties hereto.
4. Governing Law and Venue; Future Disputes: This Agreement shall be deemed executed and delivered in the State of Maryland, and, unless and except to the extent governed by the Federal laws of the United States, shall be construed and governed solely by the internal laws of the State of Maryland, without regard to Maryland’s conflict of laws provisions. The Parties submit to the personal jurisdiction and venue of the Federal and State courts of Montgomery County, Maryland, for resolution of any dispute arising out of or related to this Agreement.
5. Arbitration: The Parties further agree that any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled by arbitration administered by the American Arbitration Association under its Commercial Arbitration Rules. Judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.
6. Severability: It is the belief of the Parties that this Agreement does not contain any provision contrary to law. However, if any part of this Agreement shall be determined to be illegal, invalid, or unenforceable: (a) that part shall nevertheless be enforced to the
extent permissible in order to effect the intent of the Parties; and (b) the remaining parts shall be deemed valid and enforceable, so long as the remaining parts continue to fulfill the original intent of the Parties.

7. **No Waiver:** No delay or failure by either Party to exercise its rights under this Agreement shall be construed to be a waiver thereof, unless memorialized by written instrument signed by both Parties. The agreed waiver of any covenant, condition, or agreement to be performed hereunder shall not be construed to be a continuing waiver of the same covenant, condition or agreement or the waiver of a different covenant, condition or agreement. Furthermore, the agreed waiver of any breach of this Agreement shall not be considered to be the agreed waiver of a different or subsequent such breach.

8. **Integration:** This Agreement, including the Judgments/Injunctions incorporated herein, constitutes the entire agreement between the Parties, and supersedes any and all prior or contemporaneous agreements, promises, representations, or understandings, written or oral, between them relating to the subject matter of this Agreement. No other agreements, promises, representations, or understandings shall be binding upon the Parties with respect to this subject matter unless contained in this Agreement, or separately agreed to in writing and signed by an authorized representative of each of the Parties.

9. **Amendment:** No amendment, modification, or addition to this Agreement shall be valid unless it is in a writing executed by the Parties.

10. **Representations:** The Parties each represent that: (a) this Agreement is freely and voluntarily entered into, and that each of the Parties has had an opportunity to consult with counsel with respect to the advisability of entering into this Agreement; (b) no promise, inducement, or agreement not contained in this Agreement has been made on any subject in connection with this Agreement; (c) each Party has made such investigation of the facts pertaining to this Agreement and of all the matters pertaining thereto as it deems necessary; (d) each Party’s signatory to this Agreement is fully authorized to execute this Agreement on its behalf; and (e) the Parties jointly participated in the drafting of this Agreement, with the result that any ambiguity contained therein shall not be interpreted or construed against either Party as the drafter thereof. The Authors separately represent that they are the original authors of the Article and that the Article does not infringe the intellectual property (including but not limited to copyrights, trademarks, and/or trade secrets) of any other party.
